22 September 2010

Dear John

EASA Part 66 Industry Working Group

On 14th September the Aircraft Engineering Association of NZ (AEANZ) held a committee meeting at which the decision was made to both support and develop an EASA Part 66 AME licence equivalent for New Zealand.

We recognise that AEANZ will need to work closely with the CAA in order to achieve this and to this end has set up a Working Group to which we would like to invite Mr. Mark Price to be a member of.

It is our hope that the CAA will recognise the leadership industry is taking in this area and will give its full support to this initiative.

Yours Sincerely

A handwritten signature in black ink, appearing to read 'Don McCracken', is written over a light blue horizontal line.

Don McCracken
Chair, AEANZ
